Cures Catarrhal Deafness.

One Week's Use of Hyomei Did More Than Six Months' Treat- ment By Specialists.

In the treatment of deafness, which
is often a result of catarrh, Hyomei acts
almost immediately upon the inflamed
membrane and the hearing begins to
return at once. A few days' treatment
will bring relief and in three or four
weeks, according to the severity of the
case, a cure will be accomplished.

Miss Meeks of Mattewan, N. Y., says:
"Hyomei is truly wonderful. I have
used it but a short time and see a great
change in my condition. My hearing is
improving rapidly, and I had no idea
I would improve so rapidly in so short
a time. My breath, which was so of-
fensive to myself and others, has lost
its bad odor entirely. I have spent a
great deal of money with catarrh spe-
cialists and can truly say that six months
of their treatment is not equal to one
month of Hyomei."

Rickert & Wells are selling Hyomei
upon the unusual plan of agreeing to
return the money if the medicine does
not cure.

A complete outfit costs only \$1.00
and consists of an inhaler that can be
carried in the vest pocket, a medicine
dropper and a bottle of Hyomei. The
inhaler will last a lifetime and there is
enough Hyomei for several weeks' treat-
ment. Additional bottles of Hyomei
can be procured for 50 cents. Compare
this small expense with the fees charged
by specialists and then remember that
if Hyomei does not cure Rickert & Wells
will return your money.

RUSSIA'S GRAND INQUISITOR.

Influence of Constantine Pobedono-

stoffs, Leader of Fanaticism.
The cable dispatches from St. Peters-
burg have more than once given voice
to the apprehension which all friends
of freedom in Russia feel when the
name of M. Constantine Pobedono-
stoffs is mentioned, says Charles John-
ston in Harper's Weekly. This stern
old man is the very genius of fanatic-
ism and is all the more formidable be-
cause the persecuting spirit in him is
wrapped up in a cloak of enlighten-
ment and philosophy. He knows Eng-
lish well and in his young days trans-
lated Emerson into Russian for the ed-
ification of the rising generation of the
czar's subjects. One wonders what
he made of the sentence, "Who would
be a man must be a nonconformist."

Alexander II., the czar liberator who
freed the serfs and the Balkan Slavs,
thought highly of Pobedonoostoff and
made him tutor of his sons—Nicholas,
who died during his father's lifetime,
and Alexander, who succeeded him,
the father of the present czar. Into
his ears Pobedonoostoff poured his
doctrines of absolutism, as a divine
ordinance, and of orthodoxy, as de-
pendent on absolutism. Alexander III.,
who was greatly influenced by the the-
ories of this strong willed fanatic, passed
his former tutor on to his own sons,
and Nicholas II. grew up under the
shadow of the old man's tyrannous
mind and despotic will.

Pobedonoostoff is a wholly honest
fanatic. He has written a book, every
page of which breathes conviction, to
prove that all freedom is a delusion
and that the ideals of representative
government are a snare. And he hon-
estly believes it all. He whispers dark
fears and counsels of obscurantism in-
to the mind of his former pupil, the
czar, and persuades him that liberty
and antichrist are synonyms. He is
the living proof that as yet freedom
of religion does not exist in Russia,
though there is tolerance of various
recognized non-Orthodox rituals, as al-
so of Moslem and Buddhist beliefs.
